

MyEnlighten

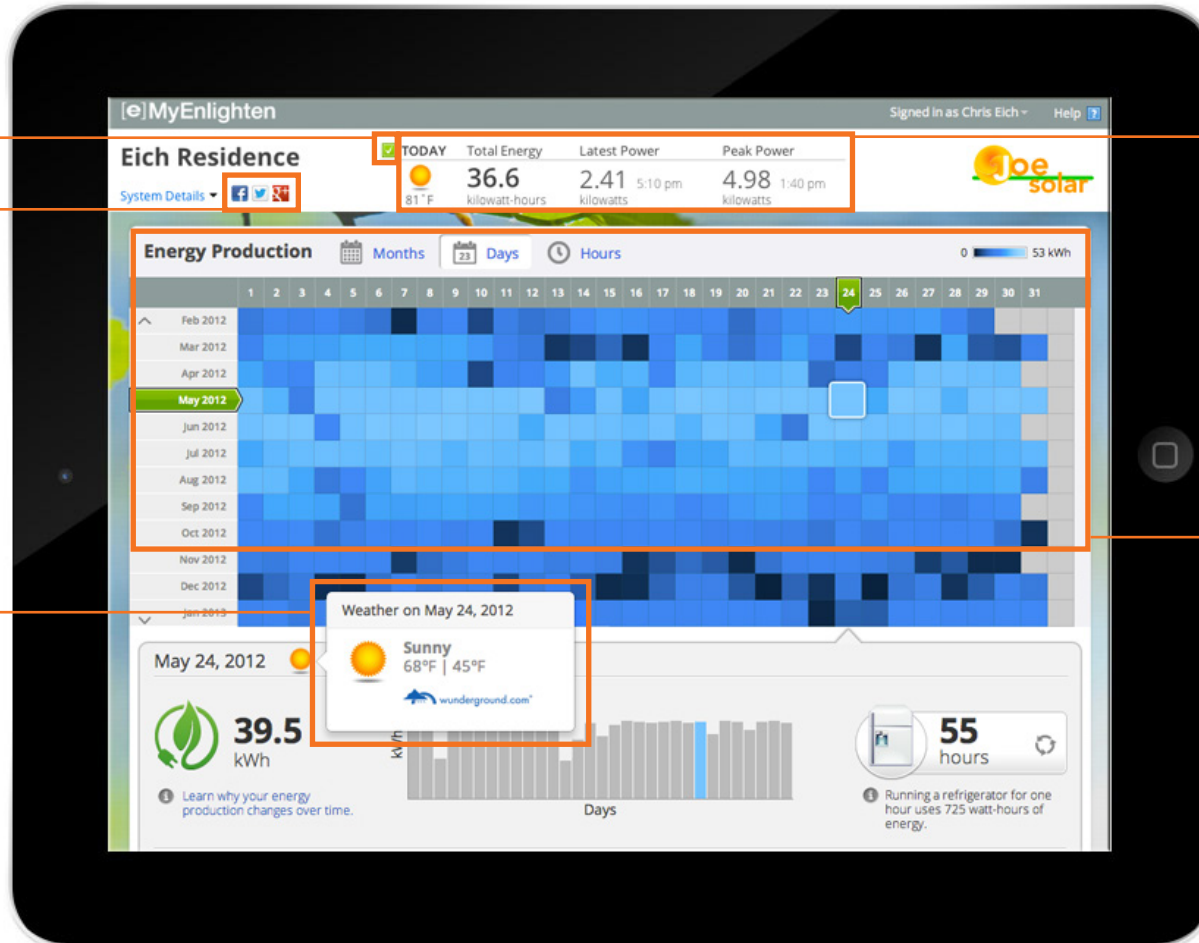

For System Owners

Designed for the system owner, **MyEnlighten** presents system energy production, overall health, historical performance, and energy equivalents. And it's all accessible on one simple, mobile-friendly display.

Confirm all is well with the System Status Indicator. If there's trouble, the Indicator shows the problem and provides troubleshooting tips.

Share easily using integrated social media buttons.

View historical weather data to understand variations in performance.

Verify today's performance at-a-glance.

View historical production data by days, months, or hours.
